<input type="checkbox"/>	<input type="checkbox"/>	

Call to Order

Minutes

Minutes from our meeting on 6/3/22 were presented. Motion and 2nd to approve both. Voice vote, all in favor.

Financial Reports

Reports for the admin expenses and the project fund were presented. The first was the admin expenses for the year to date. The next report was the Project Fund since its inception. One new project was paid for the Washington Point subdivision in Dixon site work.

Motion and 2nd to approve both. Voice vote, all in favor.

Administrator Report

Shaw noted items from the report submitted. The Steward Road EDA project is moving along and expected to be submitted soon.

New Business

None

Next Meeting, October 5th via Zoom

Roundtable

Motion and 2nd to adjourn. Voice vote, all in favor.

To: Enterprise Zone Advisory Board
From: Andy Shaw, Administrator
Date: 10/5/2022
Subject: Report of Activities

1. Financial Reports: Both usual reports included in meeting packet. Nice new projects at Dixon's Raynor and others to come.
2. Steward EDA Project: Application is sent to EDA and anticipated to be one of the first considered in the new federal fiscal year.
3. Steward Corridor Resolution: Quite a bit of activity with concerns about developers eyeing this area for non-industrial development. In response, Lee County passed a resolution to cement existing status where the area of enterprise zone has been known to be future growth areas of the City of Rochelle in various planning documents, acknowledging the massive infrastructure investments that have taken place in that area
4. Housing Study: Has been provided to a local bank and also investors with interest in area development, still need to schedule City of Dixon presentation, the dramatic one year rise in interest rates should cool off the market, but we hope our need for multi-family workforce housing will still drive construction, although with greater use of the various incentives out there.
5. Z-Best Amboy Area Amendment: About to be sent to the State of Illinois DCEO. Need signatures from each of you for the application. This amendment has two component areas added: one for a specific company area needed, and one for the city to hold hearings. Each of these have specific criteria, the project must be a viable project of substantial utility to the zone, while the other relies on the demographic economic distress criteria for the zones local labor market area. It looks like we are in good shape for both.
6. Fee for Amendments: With this amendment, it brought up a conversation with another zone admin who charges a more substantial fee for doing this work, which can be pretty time consuming. I would like to discuss some options at our December meeting to make these amendments more productive with a fee structure to compensate us for the time expended and lost opportunity to do other EZ work.
7. QCREDA Connect: Quad Cities Regional Economic Development Authority (QCREDA) 's economic development event on October 12th. [Registration](#) learn about **economic development instruments and incentives** and network with county board chairs, mayors, economic development officials, chamber of commerce representatives, and bankers in the area with catered lunch presentations.

8. Planned Activity: Going forward plans involve much more attention to BR&E interviews of industrial and larger employers to seek out concerns they may have and make appropriate referrals to local and state government, as well as various available incentives to assist firm's expansion planning.

NUCLEAR COMMUNITIES

RESILIENCE CONFERENCE

November 16-17, 2022 | Morris, IL

Smart Growth America
ADVANCING THE WAY WE LIVE

NADO
RESEARCH FOUNDATION

CENTER FOR CREATIVE
LAND RECYCLING
REPAIR • REUSE • RECYCLE

The Nuclear
Decommissioning
Collaborative

Dear Daniel,

We're excited to open registration for the first-ever, in-person **Nuclear Host Community Economic Resiliency Conference** hosted by the [Nuclear Communities Technical Assistance Team](#) ("Nuclear Communities Team"). The Nuclear Communities Team is the product of a partnership between the [U.S. Economic Development Administration](#), a division of the U.S. Department of Commerce, [Smart Growth America](#), the [Nuclear Decommissioning Collaborative](#), the [Center for Creative Land Recycling](#), and the [NADO Research Foundation](#).

Taking place in **Morris, IL from November 16-17**, the Conference is geared towards the experience of Nuclear Communities in the Midwest, and aims to provide resources, solutions, and expertise tailored to this area of the country.

As we've previewed, the **Nuclear Host Community Economic Resiliency Conference** will be an opportunity to work with a team from your community, hear from and explore ideas with your peers and nuclear experts, and map out key steps for economic diversification to better position your community's plan for and response to energy transitions. **There is no cost for registration and lodging will be provided. Transportation is the responsibility of the attendee.**
